3GT1WN Firmware Upgrade Instructions

Purpose: This document describes the steps necessary to perform a firmware upgrade on the 3GT1WN with the latest firmware (available on the NetComm website).
To ensure a successful firmware upgrade please follow the below instructions.

Firmware files location:
To download the latest firmware of 3GT1WN, please click on the below link:
http://www.netcomm.com.au/sm/firmware/3gT1wn

Click on to the firmware file (example ntc3g1wt_1.0.x.x.dat) and save it on your local PC.

Warning:
Please ensure that your 3G USB Modem is not attached to 3GT1WN during the upgrade process as this may damage the 3GT1WN and void your warranty.

Upgrade Steps:
1) Power on the 3GT1WN with the supplied power adapter.
2) Wait approximately 2 minutes for the device to finish starting up.
3) Press the reset button for 1 second and release on the side of the 3GT1WN.
4) Plug in one end of the supplied Yellow Ethernet cable to WAN/LAN port on the 3GT1WN.
5) Plug the other end of the Ethernet cable to the LAN port of your computer.
6) Please wait approximately 20 seconds.
7) Open your web browser.
8) Type in http://192.168.20.1 on the address bar.
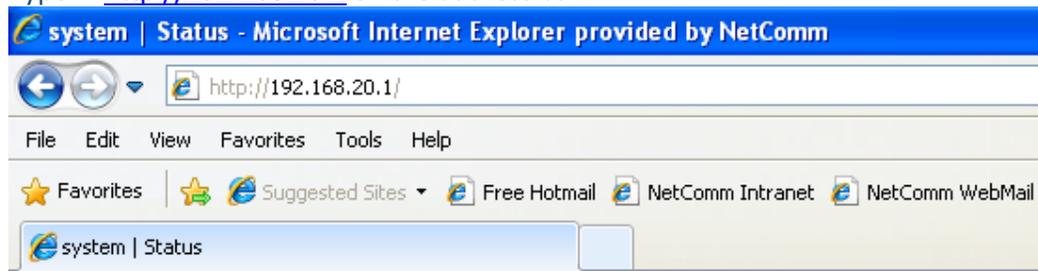

9) From the Login page, type in:
   Username: admin
   Password: admin
   Press "**Submit**" to log in.
