## Connecting your NP730

1. Attach the included Antenna to the antenna port on the NP730 unit.

2. Connect the included 25 meters RJ45 cable to the NP730 and the other end to the ODU port on the DC injector.

3. Connect the included 2 meters RJ45 cable to the RJ45 port on the DC Injector and to your router, switch or computer.

4. Connect the included 12V DC PSU to the DC 12V port on the DC Injector.
