

NetComm™

Mega-i-Modem

CD2004

Surf the Web, download MP3s, email your friends or chat online at V.90 speed

modem

Fast and reliable V.90 Web connections

Experience the online world of music, gaming, shopping or banking

Send or receive faxes from your PC with the free bundled fax software

THE FASTEST, MOST RELIABLE CONNECTIONS

Your NetComm Mega-i-Modem carries the latest V.90 technology to cut the time it takes to connect, along with V.44 compression to speed Web browsing and download speeds.

INTERNET MADE EASY

The Net is getting bigger and very exciting – MP3s are opening up the music world like never before, streaming video is pushing the boundaries of the online experience to new and higher levels. To take advantage of all this excitement, you need a Mega-i-Modem.

MEGA MUSIC & VIDEOS

If you're into music, your MP3 downloads will fly when you use the Mega-i-Modem. If you've been using a 28.8 modem, you won't believe it when your Mega-i-Modem does the job in half the time. So why wait? Download your music faster today.

MEGA FUN WITH DOWNLOADS

There's more and more great stuff to download off the Net these days: not just MP3s, but videos, digital imagery, games and lots more. Fire up your Mega-i-Modem and head straight to www.download.com for some mega fun at Mega-i speed.

PLAY GAMES AT FULL TILT

As the pace of online games heats up, you don't want to be left

behind. With the Mega-i-Modem, you're right up there – out in front with the leaders not only in speed but also drop-out-free reliability.

BANKING YOU CAN RELY ON

Internet banking can be a real time-saver too. With the Mega-i-Modem, you can access your bank account details (if your bank offers the service) and pay your bills as reliably as if you were in the bank in person.

SHOP WITH NO DROP

Shopping online is great – unless it's delayed by slow downloads or by drop-outs due to a poor quality modem. With the Mega-i-Modem, you'll whizz down the virtual aisles and hang on to your cart – making online shopping a real time-saver!

STAY IN TOUCH

Not only will your e-mails whizz through at Mega speeds, your ICQ Chats will run faster too. What's more, sharing digital photos with family and friends will become a mega-pleasure as your Mega-i-Modem uploads and downloads faster and more reliably.

GET THE FAX – WHEREVER YOU ARE

Online faxing is the fastest and easiest way to send and receive faxes – wherever you happen to be. With the Mega-i-Modem you can make the most of online faxing by accessing your faxes at top speed.

Surf the Web, Download MP3s, email your friends or chat online at V.90 speed

MINIMUM SYSTEM RECOMMENDED

A Pentium-class processor
– 350Mhz or above

Microsoft Windows® 95, 98, NT, 2000, Millennium or XP. Also works with other operating systems including Mac*, Linux*, DOS*, OS2*

128MB RAM

Hard Disk with 80MB free space

CD-Rom Drive for software installation

* Special setup and drivers may be required.

IMPORTANT INFORMATION

Do not connect your modem to a digital telephone line or PABX.

56Kbps is the download speed and 33.6Kbps is the maximum upload speed (both are subject to the telecommunications carrier service).

Your Internet Service Provider must support the V.90 standard for V.90 features to work.
