- Ⓢ Microsoft Windows 98se, Me, 2000 & XP

### Plug Into Any Ethernet Network - Instantly!

Logging onto a Local Area Network (LAN) has never been quicker or easier with this Plug & Play USB 2.0 LAN Key. There is no need to dismantle your computer to install a NIC card or replace your PCMCIA card. Simply plug the USB 2.0 LAN Key into the USB port, connect the Ethernet cable to the back of the LAN key and you are network ready!

The NP1020 is ideal for users that have run out of PCI slots on their Desktop or want to use their remaining PCI slots for other devices.

### TECHNICAL SPECIFICATIONS
